The Dr. Caroline (Kay) Picart Show, barely two months since its inception via WTAL 1450 AM at Tallahassee, FL, is now being aired, in condensed and excerpted form, by 30 radio stations nationally and internationally. Recent market research, conducted in October, reveals a pattern of aggressive growth: it now has an estimate of over a million listeners monthly, both nationally and internationally. The show, which is current-events based, features nationally and internationally renowned experts or authorities in various areas, such as culture, the arts, science, law, politics, sports and many others.

Guests in September and October have included: 7th Circuit Judge and Law Professor, Richard Posner; Human Rights Lawyer, Terry Coonan; Feminist Philosopher of Science, Sandra Harding; Professor of Literature, N. Katherine Hayles; Professor

of Philosophy, John Stuhr; and Candidates for the FL House of Representatives, Peter Boulware and Michelle Vasilinda; maverick Criminologist, Professor Lonnie Athens; Director and Professor of the Hugh Downs School of Communication, Bud Goodall; Past President of the Society for Cinema and Media Studies, Professor Stephen Prince.

Dan Kiburz, of Phoenix Broadcasting Company, has been in charge of promoting clips of the show nationally and internationally, and of streaming the show. He remarked that the reason why it has been relatively easy to place clips of the show nationally is because of its uniqueness.
